Lincoln Leadership Academy Charter School

Developing the Leaders of Tomorrow.....Today!

MISSION STATEMENT

The Lincoln Leadership Charter School (LLACS) is committed to creating a holistic and integrated learning community dedicated to the educational success of each student. We will prepare children and youth to become critical thinkers, socially capable, and culturally competent leaders, equipped with the essential skills needed to compete in the world of work, and become productive, purpose-driven citizens of character and integrity.

VISION

To create a community of life-long learners with a character of integrity, committed to excellence, perseverance, civic engagement, and serving others.

Objective: To provide children and youth whom we see as **“at promise,”** (not **“at risk youth”**), the necessary tools needed to live, achieve their potential, and succeed in an **“at-risk”** world.

We strongly believe that every child has been fashioned with a plan and a purpose. It is our responsibility to help identify and nurture the unique gifts placed within each child as they develop and mature in mind, spirit and body.

Children living in high-risk environments are offered a sense of hope and the promise of a better life. We are determined to equip them with the necessary tools to prepare them for life in the 21st Century. Our caring and dedicated team will provide a holistic education designed to challenge, protect, heal, preserve and restore children and youth to wholeness as we instill leadership principles based on integrity and universal values.

The learning environment at Lincoln Leadership Academy Charter School is rigorous, stimulating, challenging, nurturing, and supportive. Students will not be “tracked” or labeled in any detrimental way. All students will be served with excellence and will have equal access to high quality educational opportunities. Students will be held to our highest standards and given the opportunity to fulfill their inherited potential as lifelong learners and active participants in a Democratic society.

At Lincoln, faculty, administration and the student body will equally value academic achievement and character development. LLACS will celebrate and value diversity in race, ethnicity, gender, age, abilities and language. We will intentionally cultivate students’ pride in their own heritage, and develop a sense of belonging in a diverse and vibrant community, as is the Lehigh Valley. Every member of the Academy’s community will be expected to make a valuable contribution toward realizing the school’s vision.

President John F. Kennedy stated that leadership and learning were indispensable to each other. Based on that premise, Lincoln will offer a comprehensive mastery-based and culturally relevant curriculum, with a special emphasis on technology, creative arts, and leadership development. The development of cognitive skills through brain training exercises will be an integral part of our educational program.

Lincoln Leadership Academy Charter School

Students will receive instruction in small classes that are organized into small learning communities. Teachers and support staff will engage students in both collaborative learning and individualized instruction designed to meet a student's needs. After school learning opportunities will be available. Dual language learning is a hallmark of our education process.

Meaningful learning must extend beyond the classroom and into the local and global community. Learning will be connected to real world experiences. As part of our graduation requirement and leadership focus, students will be required to engage in community service and in real-life projects locally and/or abroad. Resources permitting, students will be offered international opportunities that will enhance and develop global competencies, thus preparing them for positions of leadership in diverse fields.

LLACS focuses on leadership skills through the development of character and values. As part of our leadership model, we will create opportunities for students that will build teamwork, strengthen relationships, and improve communication.

Students and families will grow to understand that we are all a part of the family at LLACS. Strong relational ties will be built and nurtured to meet the overall goals of our school.

ATTENDANCE/ABSENCES/LATENESSES/

Regular attendance is always a contributing factor to success in school. Our policy is designed to maintain an effective learning environment for all children and comply with the compulsory Attendance laws of the Commonwealth of Pennsylvania. Students are legally required to attend school 180 days each year.

1. **Absences:** Students are expected to be in class on every school day. Within three (3) days of your child's return from an absence, parents must submit a note with your child's first and last name, and the day or dates of the absence(s) to his/her teacher. An absence is unlawful until the note is received from the parent, or a medical physician (for 3 or more days missed in a row and/or anytime a child is out and sees a doctor).

If you think that your child will not return the excuse note, please send an email to, (attendanceK-6@llacslv.com) for elementary students or Attendance7-12@llacslv.com for grades 6-12. Parents can mail notes to: Lincoln Leadership Academy, 1414 East Cedar Street, Allentown, PA 18109, Attention: Attendance Monitor.

The failure to send an excused absence note within three (3) days of the absence will result in the absences(s) being recorded as "unlawful or truant." A doctor's note or a note from a court will prevent an absence from becoming "unexcused."

An absence due to an illness or an unavoidable circumstance will be excused, only when you send in an excuse note. Medical and dental appointments, family emergencies are excusable absences. Absences that do not meet these criteria shall be reviewed and determined by the CEO/Principal. When returning to school after any absence, the child must bring a **signed note** from his/her parent(s)/guardian(s).

2. **EXCUSED ABSENCES:** Notes for illness, death in the family, religious holidays, court appearances, health care appointments, and approved family vacations are accepted.

If the child returns to school after an absence without a note signed by his or her parent(s)/guardian(s), the absence is unexcused. If the school does not receive a note from the parent/guardian, that absence will be considered unlawful (unexcused).

3. **Compulsory Education Law and Lincoln Attendance Policy:** At every level of notification, every effort will be made to meet with the student and parent/guardians to emphasize the importance of good school attendance and the possible consequences of failing to comply with these regulations.

Lincoln Leadership Academy Charter School

When a student has 10 unexcused absences, the student is considered to be “habitually truant.” A letter will be sent by CERTIFIED MAIL, RETURN RECEIPT REQUESTED AND BY EMAIL, GIVING NOTICE TO THE PARENT THAT THE STUDENTS IS “HABITUALLY TRUANT.”

According to the **PA School Code**, parents will be required to meet with the school to create an attendance improvement plan. If the student continues to be habitually truant, the school will refer the family to Children and Youth, and take other remedies that may be available under the law.

4. Over-the-limit absences: If a student reaches 14 unexcused absences, the student MUST bring a medical excuse from the doctor every time the student is absent again.

5. Students who are Tardy (late) to School:

Your child will be considered late if he/she **arrives in their Building after 8:05 a.m.** Please call the school if your child will be late **AND** send a note with your child if your child is late. Unexcused latenesses will be handled according to the **LLACS Absence/Lateness Policy**.

If the matter is not resolved or cannot be resolved with satisfaction, then a parent/guardian is encouraged to set up a meeting with a person designated by the CEO/Principal to discuss the matter.

Lincoln Leadership Academy Charter School

If the parent feels that the issue is still not resolved, a parent may seek to meet with the CEO/Principal and/or the person so appointed for the meeting.

Parents/Guardians who would like to check on their child's progress must call to schedule an appointment to meet with the teachers. There should never be a case when a parent is surprised about their child's performance in school.

Discipline Philosophy and Objectives

Code of Conduct and Procedures

- It is primarily the parents' responsibility to teach and discipline their children.
- We believe that discipline is at the "heart" of education. As parents, teachers, and administrators, we are called to train and model positive behavior. Our goal is to help each child realize his/her potential by recognizing and learning from poor choices that lead to poor behavior.
- Character values will be taught through classroom instruction, school counselors and staff. This instruction is intended to help the student develop the necessary character that the leaders of tomorrow will need.
- The purposes of discipline are to teach, correct, encourage, build up, and train a child/student.
- The things that students say and do reflect what is in their hearts. If a correction is to happen, we must look to determine the "heart of the problem" for a solution.
- Home and school must work as a team. It is our desire to help guide and direct the hearts of our students.
- Discipline will be administered with love, patience, and consistency.
- **To reach these objectives, we must gain parental trust and work together.**

At LLACS, our discipline is designed to:

- Identify the source of a child's negative behavior by helping him/her to reflect on "heart issues" (what is going on inside that is causing negative behavior).
- Work from the negative behavior back to the heart to address heart issues.
- Take a corrective approach to restore and move the child back onto the path of obedience and safety.
- Rescue the child from a path of danger by expressing love, (which includes consequences and produces growth).
- Teach a student how to realize internal peace.

Teachable goals for students:

- To empower children to self-regulate their behavior as they acquire the procedures, skills and attitudes required to resolve conflicts positively.
- Always obey and submit to those in authority.
- Always walk quietly in the school building.

Lincoln Leadership Academy Charter School

- Respect and protect school property.
- Demonstrate self-control (proper, acceptable language and behavior).
- Walk in love and forgiveness with others.
- To empower children to self-regulate their behavior as they acquire the procedures, skills and attitudes required to resolve conflicts positively.

TAKE 5 School-wide Positive Behavior Program

The Take 5 program is designed to build a social culture and behavioral supports that are needed to create an effective learning environment for all students.

Take 5 Rules:

- 1. Be there, be ready.**
- 2. Be responsible.**
- 3. Be respectful.**
- 4. Follow Directions.**
- 5. Keep hands and feet to yourself.**

Take 5 Goals:

- Develop a positive and nurturing school climate
 - Increase social and emotional skills of students
 - Reduce problem behaviors
 - Expand social skills support for ALL students
1. Discipline is a training that shapes, strengthens, corrects and helps the student to conform to the image and character of a leader. Since the school setting is an extension of the home, the teachers assist the parents in training the child during the time the child is in school.
 2. Students will be taught respect and submission to authority. Students are to follow classroom and school-wide rules. **We believe that authority and discipline is to be exercised with a balance of respect and firmness.**
 3. Disciplinary measures will be fair, firm and consistent.
 4. The Discipline Covenant requires absolute cooperation between the parent and the school in order to best help a child learn and apply positive character values in his or her life.
 5. Fairness and consistency are important qualities to maintain the disciplinary

Lincoln Leadership Academy Charter School

Parents may be called to the school to bring correction to their child if the CEO/Principal deems it necessary.

E. DISCIPLINE GUIDELINES:

IMPORTANT NOTICE:

To promote the health, safety and welfare of all students, random inspections (searches) will be conducted on a regular basis. Strip searches are strictly forbidden and are not allowed by our school board. Male-to-male searches and female-to-female searches will be permissible. If the school believes that a child is hiding contraband in or near an area of the body that is considered private (underwear), the school shall call the parent and request that the parent search the student. In the absence of a parent, the police may be called to conduct the search.

The following guidelines will be followed through the **Discipline Covenant**.

Classroom Management Plan:

The teacher is required to provide a structured, safe and motivating classroom atmosphere which encourages the student's behavior to exemplify a character of integrity. She/he will enforce classroom discipline based on their classroom management plan that is consistent with the School-wide Take Five Plan. Expectations will be posted in every classroom and reviewed with children on a regular basis. Children will be expected to submit to authority and obey the first time to any instruction given by the teacher. Failure to do so may result in a **parent contact, loss of privileges, a written assignment, restitution, service project, and/or Administrative Referral**.

Steps one (1) through four (4) may be applied when the child has gone through the Classroom Management Plan:

1. An Administrative Referral will be completed and student will be referred to the CEO/Principal or designee for disciplinary action. A copy describing behavior and consequences will be sent to the parent(s)/guardian(s) to be reviewed and discussed with the student. A conference with the CEO/Principal or designee, teacher(s) and parent(s)/guardians may be requested.
2. If progress is not observed, stronger disciplinary measures may be used in an effort to effectively change behavior. Detentions will be assigned either during lunch/after school and or Saturday School. A conference with the parent(s)/guardian(s) may be requested with the teacher and CEO/Principal or designee. Contracts will be developed to modify and improve behavior and will be monitored and modified as needed.
3. Should the student continue to demonstrate an inappropriate behavior pattern, the CEO/Principal or designee will advise the parent(s)/guardian(s) that a suspension will be assigned for a designated period of time.

Lincoln Leadership Academy Charter School

4.If the student does not respond to any of the above measures, the CEO/Principal may refer the matter to the School Board for possible expulsion, and/or the parent may wish to withdraw the student.

F. SCHOOL-SPONSORED ACTIVITIES/EVENTS/BUS CONDUCT:

During special school sponsored events, students are expected to behave appropriately and follow the school rules. Students, who behave inappropriately, will be removed from any event or program immediately. They will not be allowed to participate with the other students.

Parent(s)/guardian(s) are encouraged to reinforce and remind their child of this policy prior to any school sponsored activity/event. Lincoln requires all students to conduct themselves in a manner that consistent with established standards for classroom behavior and the school.

Students are to obey all safety rules on the school bus. Students will be warned following a first referral due to disobedience. Upon a second referral, the student will be assigned a one (1) day suspension off the bus, second referral, two (2) day suspension; third referral will lead to a one (1) week suspension off the bus. Parents will be notified and copies will be mailed home. Continued misconduct will result in the student being suspended off the bus for the entire school year. Parents will be required to transport students to and from school.

Video/Audio Surveillance

The use of a video/audio recording is intended to assist the administration, contractors, and drivers in observing behavior, preventing violation of bus rules, school rules, regulations, district policies and Pennsylvania law, and utilizing and/or dispensing such surveillance when required for disciplinary, civil and/or criminal matters.

Video/Audio recorders may be placed on any and all buses or schools. All students are subject to being videotaped on the school bus or at school at any time.

The video/audio media are intended for use with respect to issues relating to safety and behavior on the bus and at school. Video/audio media are not intended for general viewing by a student, employee, parent/guardian, or public and shall not be made available for general viewing purposes.

Lincoln Leadership Academy Charter School

WITHDRAWAL OR EXPULSIONS PROCESS:

When a student has committed a serious violation of the school rules, or violates the laws of the Commonwealth of Pennsylvania, or has committed so many violations over the school year, LLACS may move to expel the student from School.

If a child is recommended for expulsion, he/she will be provided with a **Fair Hearing**. The parent may decide to withdraw the student INSTEAD of proceeding to an Expulsion Hearing (see next page for withdrawal).

Parents/guardians shall receive written Notice of Fair Hearing by First Class and Registered Mail, Return Receipt Requested, at least Ten (10) Days prior to the date the Fair Hearing is scheduled. The Notice will be sent by First Class mail and Certified Mail, Return Receipt Requested.

At the Hearing, the parent/guardian is entitled to question the witnesses and to receive copies of any document that will be offered into the record as evidence. The parent/guardian/parent may call witnesses, present evidence, and have the right to present their case (why the child should not be expelled).

The parent/guardian has the right to ask for copies of the student's discipline file before the Hearing Date.

The parent/guardian will be provided a translator at the request of the parent. The parent/guardian has the right to have the Hearing closed or open to the public.

The parent/guardian has the right to bring an attorney (parent's cost) of their choice or any person/advocate that the parent may choose to represent the student.

At the Hearing, LLACS will present the evidence that supports the recommendation for expulsion. The Board will act as the Finder of Fact (the Judge) and decide to expel the child, keep the child as a student with conditions, or mandate an alternative finding. The decision will be emailed/mailed to the parent within 2 days.

If the student is expelled, depending on the seriousness of the infraction(s), the Board may decide to expel the student forever, for one semester, or for one year. If the student is to be allowed to return at a certain point in time, the Board will provide in writing, a list of conditions that the student must complete in order to be considered for return. At the designated time, when the expulsion time has ended, the parent must submit a request in writing requesting that the student be reinstated. The parent must provide the necessary proof that the student met the conditions for Reinstatement at a meeting that shall be held with the CEO/Principal, the parent, student, and/or others invited to attend. The CEO/Principal shall notify the parents in writing of the decision within 5 business days.

Lincoln Leadership Academy Charter School

Reinstatement will depend on space availability, whether the student complied with all of the conditions that the Board placed on the student at the time of expulsion, and the impact the return of the student may have on the student body.

Withdrawal:

When a student is to be recommended for expulsion for many continuous infractions, but has not violated any law of the Commonwealth of Pennsylvania, LLACS may decide in its discretion, to give the parent/guardian the option of withdrawing the student instead of proceeding to an Expulsion Hearing.

This means that the Parent/Guardian will **voluntarily** agree to sign the student out and seek to place the student in a different school.

If the parent/guardian voluntarily removes the student from LLACS, depending on the circumstances, the parents are welcome to reapply for entrance into Lincoln through the normal application process. Withdrawn students must turn in their Lincoln Student ID before leaving as well as all LLACS materials.

In the event that a Student is expelled or withdrawn, it is the parent/guardian's duty to provide the child an appropriate education as defined by law of the Pennsylvania Compulsory Attendance Act.

NOTICE and WARNING:

If a student violates any law of the Commonwealth of Pennsylvania, especially the ZERO TOLERANCE LAW (the student brings a weapon or drugs to school), LLACS will apply the law and the regulations of the Pennsylvania Department of Education equally and fairly to all students.

The parent/guardian and the Allentown Police Department will be notified.

Suspended, expelled, and/or former students:

Any student who is under suspension from LLACS, or has been expelled, and/or has officially withdrawn from LLACS, and is no longer a student of LLACS, is forbidden from participating in any school sponsored event or activities, and shall not be permitted to visit the school or the surrounding school property. If the student refuses to leave when asked, the school reserves the right to call the police department.

Students who withdraw or are expelled are required to return their Lincoln Student ID before processing the withdrawal or expulsion forms.

RESTORATIVE JUSTICE

This Code of Conduct sets forth the initial policies of the Lincoln Leadership Academy Charter School and is applicable to students, faculty and staff, and visitors to the school site.

The founders would note that certain policies contained in this Code of Conduct stem from federal, state, or local laws, regulations, or guidelines, and thus LLACS has little or no flexibility in applying or enforcing these policies. The majority of policies contained in the Code will, however, reflect the founder's vision as to rules and policies necessary to establish an appropriate academic tone, focus, and environment at LLACS.

The Code of Conduct will be key to creating an environment conducive to learning at the Academy. In the following pages, the Code clearly defines expectations and school discipline policies, while focusing on character virtues deemed by LLACS's Trustees to be keys to success in school and throughout life. Among these virtues are:

- Attentiveness / Respect
- Obedience / Peace
- Truthfulness / Kindness
- Justice / Equality
- Gratefulness / Joy
- Generosity / Goodness
- Orderliness / Self-Control
- Forgiveness / Patience
- Sincerity / Honesty
- Virtue / Gentleness / Compassion

The character virtues listed above will be the basis upon which we teach and gauge appropriate conduct. The school's curriculum will support character building through literature assignments and lessons learned from history. Students will be encouraged to model positive character virtues in their every action and thereby to develop personal habits that characterize a civil society. The founders believe that daily interactions between staff and students provide the best opportunities for encouraging appropriate behavior and promoting the development of good habits. Thus, staff will be expected to interact with students in a positive manner at all times, and to maintain a high ratio of

Lincoln Leadership Academy Charter School

acknowledging good conduct and performance as contrasted to correcting misbehavior or overly focusing on inadequate performance.

One way in which this will be developed is by implementing Restorative Practices into our school culture. Restorative practices are utilized primarily to build and maintain positive relationships among the school community including students, teachers/faculty, administration and parents.

A restorative approach can be used as both a prevention and intervention measure. Restorative practices can foster positive relationships and empower community members to take responsibility for the well-being of others; prevent or deal with conflict before it escalates; address underlying factors that lead young people to engage in inappropriate behavior and build resiliency; increase the pro-social skills of those who have harmed others; and provide wrong doers with the opportunity to be accountable to those they have harmed and enable them to repair the harm to the extent possible.

When used as an intervention measure, taking a restorative approach to discipline changes the fundamental questions that are asked when a behavioral incident occurs. Instead of asking who is to blame and how those engaged in the misbehavior will be punished, a restorative approach asks five key questions: 1) What happened? 2) What were you thinking of at the time? 3) What have you thought about since? 4) Who has been affected by what you have done? In what way? 5) What do you think you need to do to make things right?

Types of Restorative Practices

- **Informal practices:** This would include the use of affective statements, affective questions, and small impromptu conferences. Affective statements—This is where an individual corrects behavior by explaining how such behavior affects them. For example, “When you speak while others are speaking, I become frustrated because I cannot continue my lesson.” Affective questions—promotes natural consequences and a change in thinking. For example, what impact has this situation had on you and others? Small impromptu conferences—these are quick meetings where the restorative and/or affective questions can be asked of individuals involved in a conflict. The aim is to get each individual to explain their side, what they were thinking and how the matter can be resolved.
- **Circles:** Circles are effective as both a prevention and intervention strategy. Circles may be used as a regular practice in which a group of students (or faculty or students and faculty) participates. A circle can also be used in response to a particular issue that affects the community. The circle process can enable a group to build relationships and establish understanding and trust, create a sense of community, learn how to make decisions together, develop agreements for the mutual good, resolve difficult issues, etc.
- **Formal Conferences:** There are two basic types of formal conferences—restorative conferencing and family group decision making (FGDM). Restorative conferences are

Lincoln Leadership Academy Charter School

formal responses to wrongdoing where all those involved and affected by an incident come together with a trained facilitator to explore what happened, who was affected and what needs to be done to make things right. This often includes the friends and family members of those who were wronged as well as those who did the wrong. The purpose of the conference is for both parties to understand each other's perspective and come to a mutual agreement which will repair the harm as much as it is able to be repaired. FGDM is an event where decisions need to be made about a young person. These meetings are characterized by a high level of family involvement and often include extended family and friends. The crucial component of this type of meeting is the "family alone time" where the facilitator leaves the room and the family and young person work out a plan together.

Classifications of Misconduct

In order to protect the right of all students to receive the best education possible in a safe and orderly learning environment, certain types of behavior are prohibited. Student misconduct is classified in three levels based upon place of occurrence, frequency of occurrence, and the disruptive effect the behavior has on the safety and orderliness of the learning environment.

LEVEL I INFRACTIONS:

Level I Infractions are to be addressed and resolved in the classroom by the teacher.

A. Level I Infractions: Class Regulations/Consequences

LLACS enforces school policy through a cumulative tiered system. *Level I infractions include behaviors which disrupt the learning environment and occur within the classroom.*

1. Each classroom teacher or team of teachers will provide or involve students in the development of a Class Management Plan that must be consistent with the school's **TAKE FIVE PLAN**. The plan will include a list of descriptions of expected positive and prohibited behaviors in class and the consequences for failing to follow or obey rules. The plan would be shared with parents.

a. Consequences implemented by the teacher in the Class Management Plan may include, but are not limited to:

- conference with student
- conference with parent
- conference with guidance staff
- student detentions (during lunch, after school, or Saturday School)

Lincoln Leadership Academy Charter School

- student contract
- modified instructional programming
- specially-designed assignments
- denial of class privileges

- b. This Class Management Plan will be reviewed in advance and approved by a building administrator.
 - c. Special Education students who exhibit behaviors that violate aspects of the Student Handbook will require a review of their Individualized Educational Plan (IEP) and the Code of Conduct. A Behavior Management Plan will be prepared by LLACS staff with the involvement and agreement of the parent/guardian. Special Education students identified as Seriously Emotionally Disturbed (SED) shall have an IEP that includes a Behavior Management Plan. This plan is developed at the initial IEP conference and is revised as needed.
2. The classroom teacher will be the first person to work with a student who violates the classroom regulations using the Class Management Plan or Behavioral Management Plan incorporated in the IEP or Academic Support Plan.
 3. A Student will be referred to an Administrator when the student refuses to follow the directions of a teacher or staff member.

Lincoln Leadership Academy Charter School

LEVEL II INFRACTIONS:

A. LLACS enforces school policy through a cumulative point system. Students that refused to obey classroom teachers or other staff members that could not be resolved, and/or continued inappropriate behavior will be referred to an administrator and will be subject to receiving a consequence.

- Once a student is referred, the referral will be investigated, and the administration will determine the appropriate consequence(s), if any.
- A copy of each administrative referral will be mailed home to the parent/guardian. The student is given a copy of the detention or suspension date(s) that he/she must serve. A copy of the administrative referral is given to the Administrator or/ designee. The Administrator/designee must call the home of the student and explain the infraction and inform parent/guardian of the consequence(s) given to the student.
- If the student receives three (3) suspensions from school, he/she will sign a behavioral contract with the Administrator, parent, teacher, counselor, and CEO/ Principal in order to return to the school.
- If a student gets suspended a fourth time, the CEO/Principal may recommend expulsion or withdrawal.

B. Level II Infractions: School Regulations/Consequences

Level II infractions include behaviors which primarily occur in areas other than assigned instructional locations (outside the classrooms).

Examples of areas included in Level II infractions are negative behaviors that occur in the hallways, the gym, bathrooms, cafeteria, stairs, during arrival or dismissal, during school activities, assemblies, or on school property.

The school may define additional types of student misconduct to be included as Level II infractions and the consequences for those infractions.

1. Misconduct which meets the definition of a Level II infraction may be referred to an administrator for appropriate action within the guidelines established by the administration.
2. Continued class misconduct (Level I infractions) will be classified as a Level II infractions and may be referred to an administrator after the teacher has completed the Level I interventions outlined in the teacher's Class Management Plan.
3. Violations of student dress regulations are classified as Level II

Lincoln Leadership Academy Charter School

infractions. Student dress regulations are required to ensure safety or to avoid disruption of the educational process.

4. The possession, furnishing or selling of unauthorized items and or materials on school property is classified as a Level II infraction. Such items include but are not limited to electronic, entertainment, and/or communication devices. All such items will be confiscated, forwarded to an administrator, and returned only to a parent or guardian, at the end of the school year. Drugs and Alcohol are Level III infractions (see in Level III).
5. **DEFIANCE and INSUBORDINATION:** The definition of defiance and Insubordination is the willful failure or refusal to follow instructions or directions of an adult authority on school property or during school-sponsored activities.
6. Students who continue to commit specific a Level II infraction will be considered to have committed the infraction of **INSUBORDINATION**, which becomes a Level III infraction, after a student receives 3 detentions for the same infraction.
7. A Student who has committed a combination of any five (5) Level II infractions will be considered to commit the infraction of **INSUBORDINATION**, which is a Level III infraction, after a student receives 5 detentions for those infractions.

After a student has committed five infractions from any combination of Level II categories, all further Level II infractions may be considered as the infraction of **INSUBORDINATION** by the building administrator.

The consequence for the Level III Infraction of **INSUBORDINATION** could lead up to a Ten (10) day a suspension, Expulsion, or a Request to Withdraw.

LEVEL III INFRACTIONS:

REGULATIONS/CONSEQUENCES

Level III infractions include behaviors which cause an immediate danger or represent a willful, excessive disruption of the learning or school environment.

Level III infractions include prohibited behaviors during school, during school-sponsored activities on and off school property, and while students travel to and from school on the school bus as provided by school.

Level III infractions will be consistent throughout the school. All Level III infractions must be referred to an administrator as quickly as possible.

Level III infractions also apply to unacceptable use of computers.

Please note that the following behaviors require **INTENT and may result in the referral to the local police**. Intentional behavior requires for someone to first think about what you are going to do, AND then doing it. Excuses like, "I was only playing," "I did not mean it," "I blanked out or blacked out," "I did not know what I was doing," or, "Yes, I meant to do it, but did not realize what could happen to the person," are not acceptable excuses for their behaviors.

1. Level III infractions include but are not limited to the following types of behaviors:
 - a. **Activating False Fire Alarms:** In addition to the school penalty imposed, students may also be persecuted under Section 4905 of the Pennsylvania Penal Code which includes a penalty of up to Five (5) years of imprisonment.
 - b. **Destruction of School and/or Personal Property:** Willful behavior, which results in the destruction or damage of Lincoln property, or the property of any student, employee, or visitor of the school. When it is determined that students are responsible for the destruction of school or personal property, the full cost of materials and labor to repair or replace the damaged property will be the responsibility of the parent/guardian of the student causing the destruction.
 - c. **Disrespect:** Willful behavior, which without reasonable cause is designed to lessen the reputation, honor, or public opinion of any individual. Any use of profanity and/or obscenity specifically directed at an employee or another student will be categorized as disrespect.
 - d. **Endangerment:** Willful, improper behavior, which may cause injury or harm to another individual or create an environment where injury or

Lincoln Leadership Academy Charter School

harm would be likely to occur. Should injury or harm to an individual actually occur, the behavior will be considered an assault.

- e. **Extortion:** Willful behavior, which causes any individual to relinquish a personal possession or individual right as a result of threat or fear of violence or personal injury.
- f. **Fighting:** Fighting occurs when two or more students engage in the act of striking, hitting, kicking or coming into physical contact with one another. Students who hit each other will face the same consequences, regardless of who started the event. Self-defense is not an excuse for hitting back when a fight takes place in school, on school property, at school events outside of school, the school bus, or even when students are dropped off at their home stop. In addition to the school penalty imposed, the student may be liable for the payment of damages as well as face possible criminal charges.
- g. **Physical Assault:** Any student, who purposefully and willfully assaults another person, and causes physical harm or injury to the individual, commits an assault. A student may defend himself by avoiding or blocking or holding the other student if it is reasonably possible. A student who strikes back is deemed to willingly engage in a “fight.” “Hitting back” is fighting, not self-defense. In addition to the school penalty imposed, the student may be liable for the payment of damages as well as face possible criminal charges.
- h. **Profanity/Obscenity:** Any behavior, which visually and/or verbally presents ideas, which is considered offensive to and/or inappropriate for maintaining an effective school environment.
- i. **Theft/Larceny:** The taking of property that belongs to LLACS, an employee, a student, or school visitor, intending to keep the property without permission, and depriving the rightful owner of the property, commits theft/larceny. In addition to the school penalty imposed, the student will be liable for restitution and possible criminal charges.
- j. **Threats/Harassment**
 - Intentional behavior that results in trouble, anxiety or torment to another individual for no beneficial purpose. This includes but is not limited to expressions of intent, actual or attempts, to injure or harm an individual or their property.
 - Dependent upon the actual or apparent nature and intent of the threat, the disciplinary action sequence may be modified in order to protect the health, safety, and welfare of the school community. The modification

Lincoln Leadership Academy Charter School

may include disciplinary action up to and including expulsion from school.

- Students who express, in any manner, and statements which indicate a planned intent to injure or harm another individual will, after consultation with Administration, be referred to proper state or local authorities should the student behavior appear to violate local, state, or federal law.
- Students who make threats to injure or harm others may be subject to search of their person, personal belongings, or vehicles, as well as lockers.
- Students who engage in behavior as described above may be subject to civil and criminal charges in addition to school consequences.

k. **Excessive Displays of Public Affection**

Any of the following public displays of affection while on the school premises, the school bus, or school sponsored activities is prohibited:

- Kissing
- Inappropriate hugging, touching, rubbing, or body contact
- Fondling
- Sitting on another student's lap

Parents will be contacted and disciplinary action will be taken.

I. Hazing: This rule is meant to be consistent with PA Act 31, sections 5352, 5353, 5354

Hazing is considered any to be an individual act or group act of harassment of another individual or group by making fun of, ridicule, criticism or by exacting unnecessary work, or participation in a disagreeable/unpleasant activity for the purpose of initiation. It is a form of intimidation and/or harassment. The practice of hazing is unhealthy and counterproductive to the positive climate promoted by student participation in athletic and activity programs.

Under no circumstances will hazing in any form be tolerated within the scope of the programs (including extra-curricular and co-curricular) activities sponsored by LLACS. Students participating in hazing practices will be subject to disciplinary action at the discretion of the CEO/Principal/or designee, who will determine the severity of the discipline action to be taken including detention, suspension and/or removal from the team or school activity. Student leaders (team

Lincoln Leadership Academy Charter School

captains, club officer, etc.) are expected to discourage and report hazing to their coach, teacher, and/or CEO/Principal/or designee. Hazing is a Class 3 misdemeanor and shall be reported to the police.

m. Bullying/Harassment:

The LLACS Anti-Bullying policy is consistent with PA Law H1067 (2008) and is hereby incorporated as one and the same.

Bullying includes an intentional electronic act (phone text messaging, phone calls, IM messages, or the use of computer social networks), written, (in any form), verbal (includes gossiping), or physical act, (including chokeholds, play fighting (Jugando de Mano), or series of acts directed at another student or students which occurs in a school setting.

“School Setting” is defined as the school, school grounds, in school vehicles, at the school bus stop, and any activity supervised or sanctioned by the school.

The act or acts, must be severe, persistent, or pervasive and have the effect of substantially interfering with the student’s education, creating a threatening environment, or substantially disrupting the orderly operation of the school.

Creating and maintaining a safe and welcoming environment for all students is a high priority for LLACS. A safe school environment free from bullying is necessary for students to learn and achieve high academic standards.

Bullying is a form of intimidation and/or harassment in which the behavior is intended, or perceived to intend, to harm or cause distress to another. It has the effect of insulting or demeaning a student or group of students in such a way as to cause disruption of the orderly operation of the school. Bullying includes extortion of money or possessions, exclusion from peer groups within school, name-calling and derogatory statements, including any discriminatory statements prohibited by and consistent with LLACS nondiscrimination and harassment policies.

The LLACS bullying policy will be posted in every room and posted on the LLACS website.

Students, both victims of bullying and students who engage in bullying, will be removed from the classroom until the alleged incident has been defused and contained.

Lincoln Leadership Academy Charter School

Every Level III Infraction will be addressed accordingly.

Depending on the severity of the infraction, students may be provided with individual counseling, group counseling, or both.

Parents will be notified within 24 hours of the incident and the proper consequences will be applied to each incident, which may include, some form of detention, in-school, out-of school suspensions, voluntary withdrawal, Expulsion and/or a report to the police.

LLACS shall provide In-service training on bullying to the entire staff during the course of the school year.

LLACS will provide materials to teachers and create a DVD depicting acts of bullying for use in the assemblies and/or classrooms.

n. Choke Holds and/or Horseplay

A Choke hold is defined as the wrapping of an arm by one student around the neck of another and squeezing the neck of the student until the student either “taps out” to be released, or begins to become dizzy, and/or lose consciousness. This “Game” is absolutely prohibited in school and/or school grounds and/or school sponsored activities. Choke holds are extremely dangerous and have been known to cause serious injury and even death.

In the event that one student places another in a choke hold, the student applying the chokehold shall be in violation of our Code of Conduct. The offense shall be treated as grounds for immediate suspension and or expulsion and referred to the local police as a crime.

Horseplay, and/or slap boxing (**Jugando de Mano**) will not be tolerated.

Horseplay, and/or slap boxing, is defined as an activity where two or more students engage in either “play boxing with open hands,” and/or engaging in physical contact that includes pushing each other, jumping on another’s back, punching or hitting one another, or any other aggressive behavior that could make another student angry, and the activity leads to a serious confrontation, fight or injury to another person.

In the event that students engage in this type of behavior, it will be deemed a violation of the Code of Conduct, and on a case by case basis, a student(s) will face possible suspension, expulsion, and/or referral to the local police.

o. SEXUAL HARASSMENT/MOLESTATION

LLACS prohibits sexual harassment/molestation of its students, parents, employees, supervisors, suppliers, or any other individuals. LLACS will not tolerate verbal or physical conduct of a sexual nature which is unwanted and uninvited, which harasses, disrupts, or interferes with another person's person, which creates an intimidating, offensive, or hostile environment. Sexual harassment and molestation are illegal.

We follow the following guidelines for sexual harassment complaints:

- All harassment/molestation complaints must be reported as soon as possible to the Director of Student Services, or the CEO/Principal.
- Harassment/molestation complaints will be promptly and thoroughly investigated. Confidentiality will be maintained to the utmost possible extent. The investigation will be objective and complete.
- No student, parent or employee will suffer reprisals for reporting sexual harassment or any other unlawful conduct.
- Upon investigation, if he alleged incident of sexual harassment/ harassment has been determined to have taken place, prompt and effective remedial action will result.
- Any harassment/molestation complaint found to be frivolous, malicious, or based upon false information will result in disciplinary action and/or expulsion.

p. Sexting

Any student who engages in the sending of sexually explicit photos, images, "sexting" text messages, or emails by using a cell phone or other mobile device, or any by other means (computers, Chromebooks, I-pads, etc.,) will result in disciplinary action, expulsion, withdrawal, and referral to the local police department.

q. GANGS, BEHAVIOR, SIGNS, GANG PARAPHERNALIA

Any student who engages in behavior that indicates that he/she is a gang member, and/or tries to recruit others, or bullies, menaces others, wears gang colors, signs or symbols, and otherwise engages in behavior that harasses or intimidates others will face possible suspension, expulsion and/or possible criminal charges.

Lincoln Leadership Academy Charter School

r. DRUGS AND ALCOHOL:

LLACS IS AND WILL REMAIN A DRUG-FREE SCHOOL. Any student who is in the possession of illegal drugs, including prescription drugs or over-the-counter drugs, of any kind, alcohol products, for personal use, or to give free or sell to another student, either on the school campus, school buses, or school sponsored events will face possible suspension, expulsion and/or possible criminal charges.

s. Any student who is in the possession of any form of tobacco, tobacco products and/or liquids that can be used to smoke in a pipe, or be “vaped” **and/or the use of “VAPE” pens or pipes**, either on the school campus, school buses, or school sponsored events will face possible suspension, expulsion and/or possible criminal charges.

2. Level III infractions resulting in personal injury to any person or substantial damage to property, or which otherwise results in actual harm to the health, safety, or welfare of the school community may be immediately referred by the building administrator and/or referred to the Board for consideration of referral for an expulsion hearing.
3. Students who repeat Level III infractions will be referred to the Board of Directors for an expulsion hearing. Repeat offenders will be defined as either:
 - a. Students who have exceeded 5-10 days of suspension during the current school year for a specific Level III infraction.
 - b. Students who have exceeded five (5) separate suspensions during the current school year for any combination of infractions.

When a student believes that s/he is a victim of hazing or bullying, the student shall report the incident orally or in writing, to a staff person, the CEO/Principal, or the LLACS Director of Student Services immediately. The Director of Student Services will investigate each incident and treat bullying as a Level III Infraction.

All school employees are required to report alleged violations of this policy to the CEO/Principal/or designee. An employee shall be subject to disciplinary procedures consistent with the current contractual agreement, as applicable, and LLACS school-wide policy for failure to report.

The CEO/Principal or designee will investigate the incident and maintain a confidential record in the discipline file of both the victim and bully. The CEO/Principal or designee will contact the parent/guardian of both the bully and the victim and inform them of incident.

Victims and their parents/guardians shall be made aware of appropriate counseling, agency services and safety plan developments.

Parents/Guardians

Parents and Guardians must not hesitate when a child tells them that they are a victim of bullying and/or any type of the offenses listed above.

The health, safety and welfare of all students is extremely important to our school. Sometimes students or parents do not want to “snitch” or complain, but remember, unless you complain and bring a problem to the school’s attention, or ability to help your child will be very limited without information from you or your child.

Permission to Medicate Form (Medications, Drugs and Prescribed Medicines):

Parents are not permitted to send prescribed medicine or over-the-counter medicine to school with their children. A parent must fill out a **Permission to Medicate Form** for students who will need to take prescribed medicines. Lincoln must receive and approve this form before we can give a child medicine. Over-the-counter medications such as Tylenol, Aspirin and Aleve, or cough medicines will require a signed note by the parent giving the school permission to give the child the amount that is required.

Students cannot take prescribed medicine or over-the-counter Medicines without following this process, or share any type of medicine with any other student.

Sharing or giving medicine to another student: A student who shares, (distributes), any type of legal medication with another student will face consequences for distributing a substance to another student who does not have a prescription for that medicine. **The consequence would be the same as a student who distributes illegal substances at the school, school grounds, or at school-sponsored activities (See Level III Infractions page 49).**

Pediculosis (Lice) Control in School

The control of lice outbreaks is directly related to the staff, student and family education. Lice do not spread disease and are not considered a public health issue. Lice are small parasites that require warmth and blood to live. They cannot fly or hop. They are not easily spread and generally require head-to-head contact. Lice cannot crawl on a smooth surface and cannot live without a host. Nits are the eggs laid by the adult female louse, usually at the base of the hair shaft near the scalp. A first time lice infestation usually is 30 days old when first diagnosed as it takes that long for itching and other symptoms to occur. Personal hygiene or cleanliness at home or in school has nothing to do with getting head lice.

The Center for Disease Control, the American Association of Pediatrics and the National Association of School Nurses do not support excluding children from school for lice or nits. The school nurses remain to be the best screeners and educators for lice infestations. Evidenced-based practice has been considered to effectively come up with the policy and procedure for addressing head lice infestation in the school setting.

Upon receiving a complaint about lice or upon suspecting a lice infestation, the school nurse will carefully examine the scalp of the child in question and maintain confidentiality.

- Gloves do not need to be worn.
- Hair bands and clips may need to be removed
- Pediculosis sticks may be used to assist in separating the hair
- The examiner will look carefully for active/moving lice, nymphs (immature lice) and nits no farther than a ¼ inch from the scalp. These findings would indicate an active infestation.

If an active infestation is found, every effort will be made to send the child home for treatment. If the parent can't be contacted the student may return to class until the parent arrives or dismissal.

- Contacts (close friends, siblings) will be screened if an active case is found.
- It is not necessary or advised to screen the entire class or school.
- Parents will be given a printed copy of lice treatment instructions and educational material on head lice.
- Parents or guardian will be encouraged to contact the child's health care provider.
- Students with an active infestation will be permitted to return to school the morning after they have been treated.
- Parents must provide proof of treatment. Such as a box top or store receipt.
- Students will not be excluded from school.

Lincoln Leadership Academy Charter School

The presence of nits (lice eggs) more than $\frac{1}{4}$ inch from the scalp will not be considered an active infestation and does not require exclusion or treatment. Parents will be notified and will be given instructions on nit removal. Treatment of head lice should never be initiated unless there is a clear diagnosis of head lice.

* If the diagnosis is made solely on the presence of eggs, health personnel must determine whether the eggs are hatched or un-hatched. The presence of only hatched eggs (lice not observed and empty egg shells) indicates past infestation and does not constitute grounds for treatment, re-treatment or in the case of children suspension from or refused admission to school. On the other hand, the presence of un-hatched eggs indicates an active infestation that requires treatment. Since head lice attach their eggs to the hair shaft very close to the scalp, un-hatched eggs will normally be within $\frac{1}{4}$ inch of the scalp's surface; hatched eggs will be $\frac{1}{2}$ inch or more from the scalp.

* **Commonwealth of Pennsylvania Department of Health:**

Guidelines for a School Based Program for Control of Lice Infestation and Other Related Condition.

- Printed lice information will be available for parents/guardians. Information may be sent home with all students in specific grade or grades after consulting with administration.
- Follow up care will be made available to the families.
- The staff will be provided with detailed lice education material and /or short educational presentation by the school nurse.
- Families will be advised to properly wash and dry clothing, bedding and other personal items.
- Parents will be instructed not to over treat the student and to only follow the product instructions.
- The school nurse may use other outlets such as a Health Room Update letter, to educate families.

MESSAGE FROM C.E.O. **COVID-19** STUDENTS WITH UNDERLYING MEDICAL CONDITIONS 8/24/2021

Parents/Guardians:

Welcome back! We are so excited to have our students back on-campus for the start of the 2021-2022 school year!

Lincoln would provide the necessary devices (computer) for virtual instruction if you choose this option. If you decide on this option, please inform us of the change immediately. We will make the necessary arrangements to accommodate your request. Virtual Instruction begins on Monday August 30th. Please contact Nurse Miranda at 610.730.0630.

Padres y/o encargados:

¡Bienvenidos de nuevo! ¡Estamos muy emocionados de tener a nuestros estudiantes de regreso en el campus para el comienzo del año escolar 2021-2022!

Al comenzar el nuevo año escolar bajo una pandemia, nos gustaría reiterar la importancia de mantener seguro a su hijo, al tiempo que se educa.

Dado que su hijo tiene una condición médica existente, estamos preocupados por su vulnerabilidad y queremos informarle una vez más sobre la opción de Instrucción Virtual durante este tiempo.

A medida que continúan aumentando los casos de COVID en niños en todo el país, PA y los Condados de Lehigh / Northampton, queremos asegurarnos de que, como padre, esté plenamente consciente de su opción de educar virtualmente a su hijo en un entorno más seguro.

Lincoln proporcionaría los dispositivos necesarios (computadora) para la instrucción virtual si elige esta opción. Si se decide por esta opción, infórmenos del deseo de cambio, de inmediato. Haremos los arreglos necesarios para satisfacer su solicitud. La instrucción virtual comienza el lunes 30 de agosto. Comuníquese con la enfermera Sra. Miranda al 610.730.0630.

MESSAGE FROM C.E.O. **COVID-19** COMMUNICATION PROTOCOLS

August 22, 2021

Dear Parents/Guardians:

Welcome back! We are so excited to have our students back on-campus for the start of the 2021-2022 school year!

As we begin the new year under a pandemic, there are certain measures we will take to maintain open and immediate lines of communication with parents/guardians. In an effort to keep you informed regarding COVID exposures/outbreaks, we will send out information through our Parent-Blast System.

Please know that we will always protect the identity of students, therefore, only those parents whose children may be impacted will be notified regarding potential exposures within a classroom. However, school-wide exposure will be communicated to all parents immediately.

It is imperative that children remain home when feeling ill or if they have a cough, are sneezing, have a fever or have any "flu-like" symptoms. Please take them to the Dr. and get them tested to ensure they are negative. Contact the school Nurse, Ms. Miranda immediately with COVID results and an update on your child's condition. This information is imperative in the event of a positive result for contact tracing of potential children and staff who may have been exposed.

This past Friday we had our first COVID+ exposure amongst staff. We went into a shutdown in order to sanitize and disinfect the entire campus. Due to this incident, we

Lincoln Leadership Academy Charter School

were forced to postpone the New Student Orientation and parent meeting. We sincerely apologize for any inconvenience this may have caused parents.

We must all work together to keep our children and staff safe during these newest outbreaks. I am confident that as we implement the COVID mitigation measures together with integrity, we will reduce school closures and safely minimize disruptions for the learning of all our students.

ELEMENTARY PARENTS: Beginning Monday August 30, 2021, parent pick up will be organized as a “curbside” child pick-up. Parents will be given a number that corresponds to their child. Upon arrival, parent will present number to staff and student will be escorted out. Please remain in your car AT ALL TIMES.

REMINDER: ALWAYS WEAR A MASK ANY TIME YOU ARE ON-CAMPUS. IF YOU DO NOT HAVE ONE WE WILL SUPPLY ONE FOR YOU. HELP US TO KEEP OUR CHILDREN SAFE!

As always, thank you so very much for your full support and cooperation as we work together to keep our children safe during this season. Stay healthy! I remain,

For the children,

MESSAGE FROM C.E.O. **COVID-19** PROTOCOLS DE COMMUNICATION

Estimados padres y/o encargados:

¡Bienvenidos de nuevo! ¡Estamos muy emocionados de tener a nuestros estudiantes de regreso en el campus para el comienzo del año escolar 2021-2022!

Al comenzar el nuevo año bajo una pandemia, hay ciertas medidas que tomaremos para mantener líneas de comunicación abiertas e inmediatas con los padres/ encargados. En un esfuerzo por mantenerlos informados sobre las exposiciones/brotos de COVID, enviaremos información a través de nuestro sistema de llamadas en masa estilo "Parent-Blast."

Tenga en cuenta que siempre protegeremos la identidad de los estudiantes, por lo tanto, sólo aquellos padres cuyos hijos puedan verse afectados serán notificados con respecto a posibles exposiciones dentro del salón de clases. Sin embargo, la exposición en toda la escuela se comunicará a todos los padres de inmediato.

Es imperativo que los niños permanezcan en casa cuando se sientan enfermos o si tienen tos, estornudos, fiebre o síntomas similares a los de la gripe/catarro. Llévelos al doctor y hágale una prueba para asegurarse de que estén negativos a Covid-19. Comuníquese con la enfermera de la escuela, la Sra. Miranda de inmediato con los resultados de la prueba de COVID y una actualización sobre la condición de su hijo. Esta información es imperativa en caso de que se obtenga un resultado positivo para el rastreo de potenciales contactos de niños y personal que puedan haber estado expuestos.

El viernes pasado tuvimos nuestra primera exposición de COVID + entre el personal. Hicimos un cierre para limpiar y desinfectar todo el campus. Debido a este incidente, nos vimos obligados a posponer la Orientación para Nuevos Estudiantes y la reunión de padres. Nos disculpamos sinceramente por cualquier inconveniente que esto pueda haberles causado.

Todos debemos trabajar juntos para mantener seguros a nuestros niños y al personal durante estos nuevos brotes. Estoy segura de que a medida que implementemos las medidas de mitigación de COVID con integridad, reduciremos los cierres de escuela y

Lincoln Leadership Academy Charter School

minimizaremos de manera segura las interrupciones del aprendizaje de todos nuestros estudiantes.

PADRES DE ESCUELA ELEMENTAL: A partir del lunes, 30 de agosto de 2021, la salida de los niños por la tarde se organizará de manera diferente. Se le traerá su hijo hasta su carro estilo “crubside”. A los padres se les dará un número que corresponderá a su hijo. A su llegada, los padres presentarán el número al personal de la escuela y se acompañará al estudiante a la salida hasta su encuentro. Permanezca en su automóvil EN TODO MOMENTO.

RECORDATORIO: Utilice Siempre Una Máscara Cada Vez Que Esté En El Campus. Si No Tiene, Le Proporcionaremos Una.

Como siempre, muchas gracias por su apoyo y cooperación mientras trabajamos juntos para mantener seguros a nuestros niños durante esta temporada. ¡Manténgase sano!
Me mantengo,

Para los niños,
